

LET IT GO — TAPPING EXERCISE

Release the Impact of Negative Feelings

Take a breath... and begin your journey toward release, one step at a time.

EFT • GENTLE TAPPING

From Discomfort to a Calmer Space

A simple practice that combines attention to your feeling with gentle touch points to support balance and ease.

Discomfort

Tension or an uncomfortable feeling asking for attention.

Tapping

Gently tap selected points while naming what you feel.

Release

More calm, regulation, and room to breathe and choose.

1

Intention

Before you begin, ask yourself honestly

- ☐ Do you want to let go?
- ☐ Do you feel resistance?
- ☐ Does “accepting the feeling” make sense to you right now?
- ☐ Do you deserve pain?
- ☐ Do you deserve comfort?
- ☐ Are you breathing?

2

Identify the Feeling

Name the feeling and rate its intensity from 1 to 10.

I feel _____ Intensity:

1 2 3 4 5 6 7 8 9 10

I feel _____ Intensity:

1 2 3 4 5 6 7 8 9 10

I feel _____ Intensity:

1 2 3 4 5 6 7 8 9 10

3

Reflect on the Feeling

Where does this feeling live in your body?

I feel discomfort in my body. In particular,

I feel _____ in
_____ in my body.

4

Tapping Points

Tap each point gently with your fingertips.

- 1 Side of the left hand
- 2 Side of the right hand
- 3 Below the throat
- 4 Below the collarbones
- 5 Center of the chest / heart

Release Session

Write freely about whatever comes to mind as you tap. Repeat each phrase while tapping the matching point beside it.

1 Side of the left hand

Even though I feel this discomfort, I accept this thought and feeling, and I allow it to soften, fade, and leave me in complete safety and peace.

2 Side of the right hand

I release the negative thoughts I know in my conscious mind, the ones I do not know in my unconscious mind, and any thoughts connected to remembered or forgotten experiences. I gently clear them from my heart, mind, spirit, body, and every cell.

3 Below the throat

Any negative conditioning, thought, or feeling I received from my family around this experience, I now release from my heart, mind, spine, nervous system, and whole self.

4 Below the collarbones

Any negative conditioning I inherited from my parents, grandparents, or ancestors, I now let go of completely from my emotional and physical being, my nervous system, and every cell in my body.

5 Center of the chest — heart point

I replace this state with safety, love, abundance, and unconditional compassion. I fill my body and spirit with:

Love

Safety

Security

Peace

Compassion

Confidence

● ○ Then take two deep breaths.
